To: Emil Stoynev
President Bulgarian Triathlon Federation

By email

Dear Emil,

I want to congratulate your Federation for having organised the U23 European Championships 2016 in Burgas.

I am also pleased with the outcome of the Event that has given the possibility to our best U23 athletes to compete in a fair and safe race.

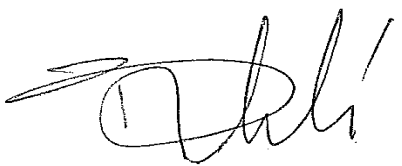

The final positive result was achieved by the common effort of our TD/TOs and your Organisation that has shown commitment and enthusiasm.

Organising races is the most important way to promote and develop Triathlon and I really hope that Burgas will become a fix stage in our European Calendar in the future ,also with the goal to attract more International AGs to compete.

I was also pleased to see a Kids' Race on Sunday on the same venue as the Elite were racing : very well done , it is the right way to inspire the young generation of Triathletes.

Continue in this direction and ETU will be on your side.

Best Wishes,

Renato Bertrandi
President, European Triathlon Union
